Cooking is an important life skill. In this **5-Day summer camp**, teens will gain new skills and confidence to create meals, discover new flavors and gain independence in the kitchen. They will take field trips, learn where food comes from, how to buy it and how to prepare it.

Area celebrity chefs and chief instructor **Leslie Bonci**, nationally renowned nutritionist and Director of Sports Nutrition at the UPMC Center for Sports Medicine, will team up to make sure students increase their nutritional knowledge while expanding their culinary horizons.
